However, please note that students & parents can take appointments with the subject teacher via email or school phone for clarification of doubts and can approach the teacher after 1: 35 until 3:00 PM every day until semester two exams are over. In addition to attending the Revision days, this opportunity for clarifying doubts personally with the teacher after lessons can support the student to perform better.

## **6. RESIT EXAM RULES REMINDER:**

- Unless the students produce a valid medical certificate to the supervisor, they wont be given a chance to do a RESIT exam.
- If the student is unable to produce a medical certificate but the reasons are really genuine - Parents should email to myself, copying the Supervisors so we can assess the situation and give a resit test. For instance, some emergencies in the family, accidents, death in the family. The resit will be scheduled within the next 2 days of the Missed test with a different version of the question paper.

## **7. ABSENCES WITHOUT APPROPRIATE REASON:**

- Students' regular attendance is highly essential to ensure their learning progress. However, on some days, especially on Thursdays, we have noticed an increased trend of mass absences which will definitely hinder their learning. The school has decided to link the attendance with class participation marks and therefore all parents are requested to make sure your wards are attending school unless the school / Ministry click announces a holiday. Please support us to execute our decision.

## **8. PROJECTS**

- Kindly note that all projects are scheduled to be completed in the respective classes and it should be completely students' works. They need to understand what they are doing & why they are doing in order to meet the objectives of a group project. Team work & presentation skills are highly important in this mode of assessment.
